Account Review Application Quick Card

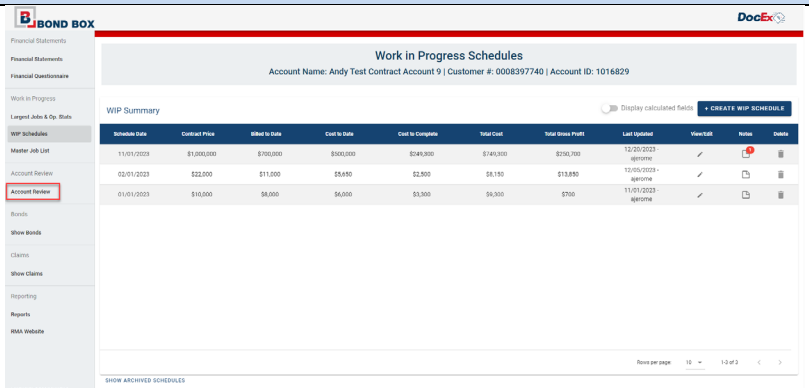
General Information

The Account Review Application provides the ability to analyze and review all aspects of an Account's business to aide in underwriting decisions concerning current or future business with the Account. The Account Review collects information about the Account from BondBox, the Financial Statement Application (FSE), the Financial Questionnaire, and the Work in Progress (WIP) Application and presents the data in a format that allows for a thorough review of the Account's past, current, and future viability. In addition, the Account Review allows for user entry of additional data points and the ability to comment on the various segments of the Account Review as the review is taking place. Finally, the Account Review provides the ability to progress the Account Review through various review workflows, as the Account Review can be moved from person to person for peer reviews or supervisor reviews.

Once an Account Review has been completed, a user can also initiate an Audit process. The Audit workflow allows for a final comprehensive review outside of the normal Account Review workflow.

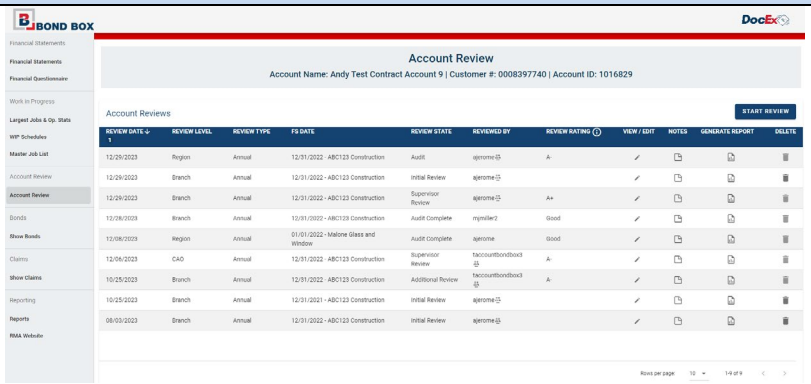
1.

To access the Account Review application from any of the other applications, click the 'Account Review' link in the lefthand navigation panel. In this example, we are accessing the Account Review application from the WIP application.



2. Account Review Summary Page

When the Account Review Summary page loads, a list of Account Reviews and Audits will display, if they exist, for the Account.

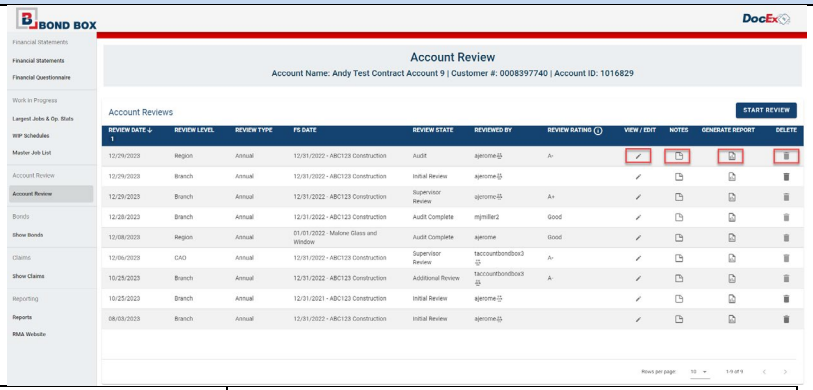


Classified as General

3. Account Review Summary Page

From the Account Review Summary page, information about the Account Reviews or Audits is presented. In addition, there are several actions that can be initiated from this page:

- View/Edit – to view or edit an Account Review/Audit
- Notes – to enter notes about the Account Review/Audit
- Generate Report – to generate the Account Review Report for the Account Review/Audit – the report will generate and populate data based on what has been entered at that time.
- Delete – to delete an Account Review
- Reassign Review icon – to Reassign an Account Review to a different user (while Account Review is in Initial Review, Additional Review, Supervisor Review review states)



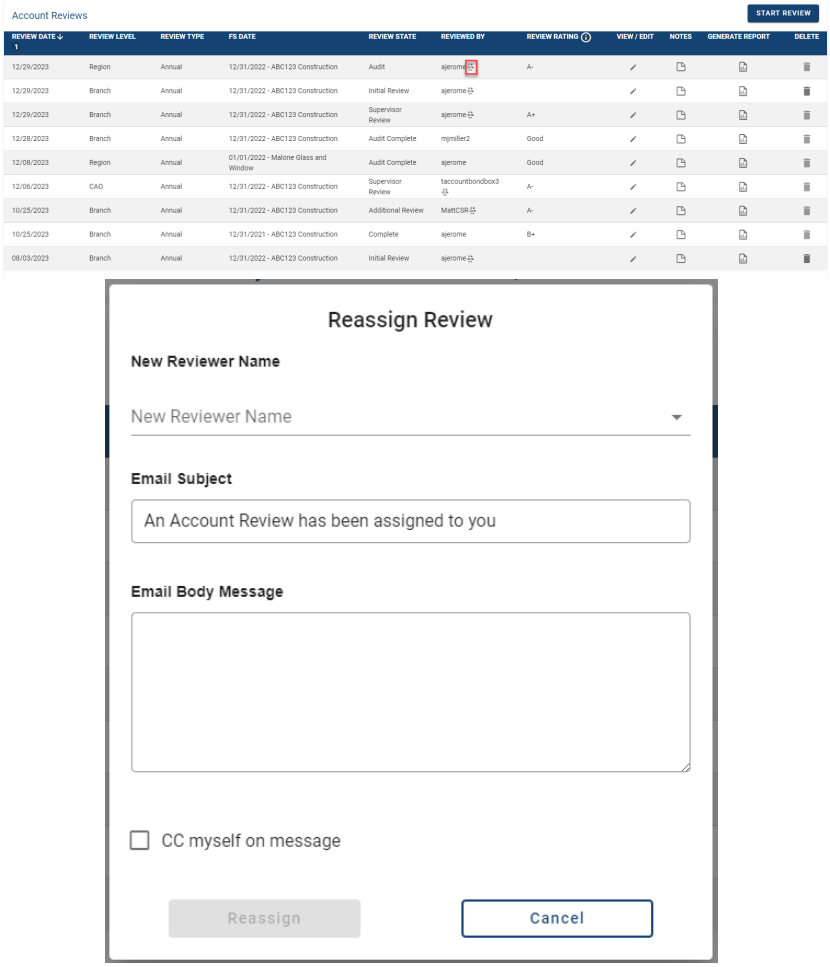
Review State	(Initial Review, Additional Review, Reverted Initial Review, Supervisor Review, Complete, Audit, Audit Complete)
Reviewed By	The name of the person that is currently assigned to the Account Review
Review Rating	Displays the Account Grade from the most recent Account Review or the Audit Rating from the Audit

4. Reassign Review

If there is a need to assign the Account Review to another person (that is unable to continue working on the Account Review) – this can be accomplished by clicking on the Reassign Review icon.

The Reassign Review icon will display for any Account Reviews/Audits that are in progress (ie. Not in a Review State of 'Complete' or 'Audit Complete'.

When the Reassign Review icon is clicked for an Account Review listed on the Account Review Summary page, a 'Reassign Review' modal will display. Once a New Reviewer Name is selected and an Email Body Message is filled out, the reassignment can happen with the click of the 'Reassign' button in the modal.



Classified as General

5. Start Review	
To initiate a new Account Review, click the 'Start Review' button. A 'Start Account Review' modal will be presented. Fill in values for the fields in the modal and click the 'Start' button to finish the creation of the Account Review. Review Type selection choices are: Annual, Interim, or Submission. Review Level selection choices are: Branch, Region, or CAO. After a selection is made for Review Type, an additional field will be displayed for Party Name. The selection choices for Party Name include any of the Company Parties on the Account in BondBox. The selection of a Party will auto-populate the date of the most recent balanced Annual or Interim Financial Statement for that Party, which will be used to populate financial-related information in the Account Review. If Submission is selected for Review Type, you will have to choose which Annual or Interim Financial Statement you would like to link to the Account Review. The Annual Financial Statements are denoted with an 'FYE' for Fiscal Year End. After the Account Review has been created, the Create Account Review (Details) page will be displayed.	 6.	
After finishing the creation of a new Account Review or by clicking the 'View/Edit' button for an Account Review listed on the Account Review Summary page, the Create Account Review page is presented. On this page – there are 12 Sections displayed in a secondary left navigation. Clicking on a Section name in the secondary left navigation will move the user to the desired section. During an Initial Review - On each Section there are buttons for: • Back to Account Review Summary • Marking the Section Complete – checking this box will mark the section with a	
Classified as General

checkmark in the left navigation to indicate that the section has been completed • Save • Cancel	
7.	
Make sure to Save any updates made on sections of the Account Review – Create Account Review Page by clicking the 'Save' button on the bottom of the page for each section.	
8. Initial Review Workflow	
During the Initial Review, the **Account Review Info/Sign-Off History** Section displays: • The Review Type, Review Level, and Financial Statement Date/Party Name selected when the Account Review was initiated. • Sign-Off History • Action History There is also a **'View Report'** button on this Section to display the Account Review Report - the report will generate and populate data based on what has been entered at that time.	9. Initial Review Workflow – Editing Account Review Data/Refreshing Link to the Financial Statement	
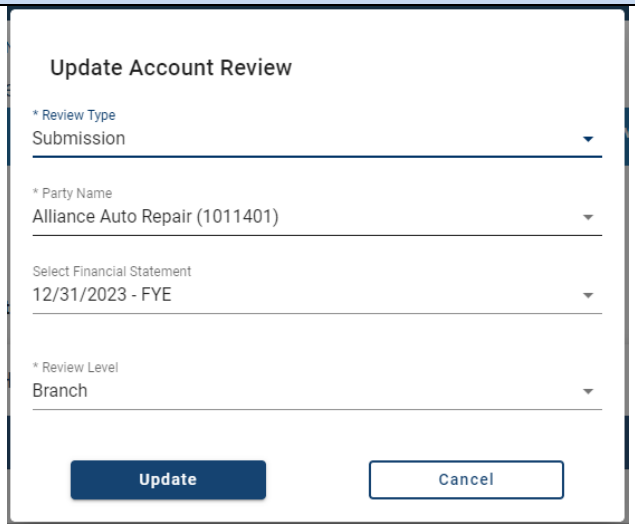
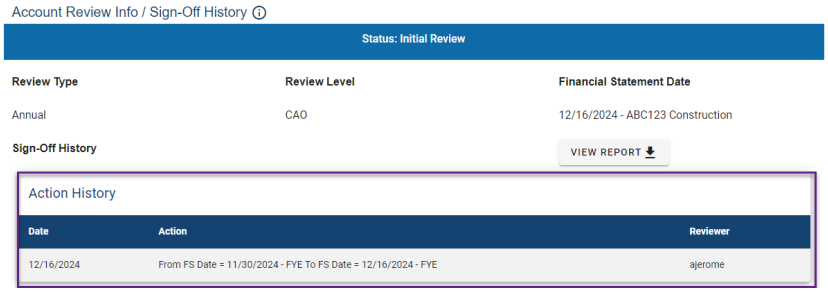
During the Initial Review, a check is made to see if there is a more recent balanced financial statement available for that Account Review's selected party. If one is available, a message will display to alert the user to the fact that there is a more recent balanced financial statement available. If the user would like to update the financial statement, Review Type, or Review Level – this can be accomplished by clicking the additional info icon.	
Classified as General

10. Initial Review Workflow – Editing Account Review Data/Refreshing Link to the Financial Statement

Once the additional info icon is clicked an 'Update Account Review' modal will be displayed.
Review Type, Party Name + Financial Statement Date, or Review Level can be updated once the 'Update' button is clicked.

After the modal closes and the updates have been made – the updates made are written and displayed to the action history on the section.





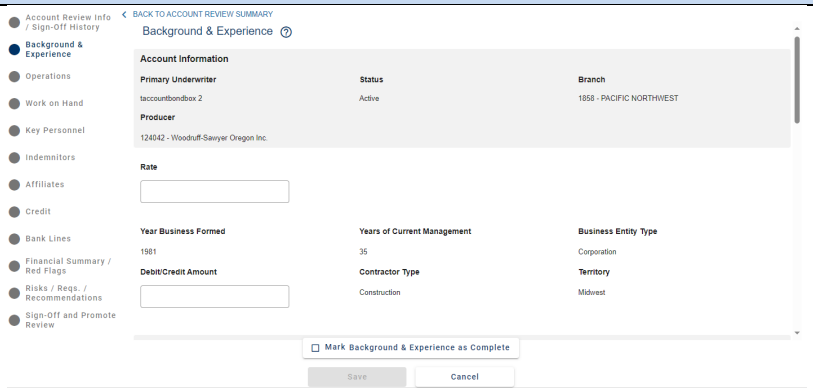
11. Initial Review Workflow

During the Initial Review, the **Background & Experience** Section displays information from:

- BondBox
- Account Profile in BondBox
  - Account Information template
  - Scope of Operations template
- Financial Questionnaire

User-Entered Fields during the Initial Review include:

- Account Last Meeting Date
- Rate
- Debit/Credit Amount
- Account Background & Experience Notes



Classified as General

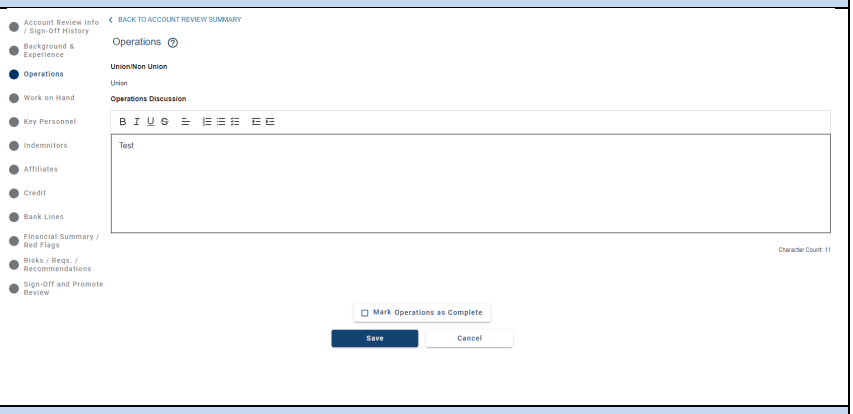
12. Initial Review Workflow

During the Initial Review, the **Operations** Section displays information from:

- Account Profile in BondBox
  - Scope of Operations template

User-Entered Fields during the Initial Review include:

- Operations Discussion



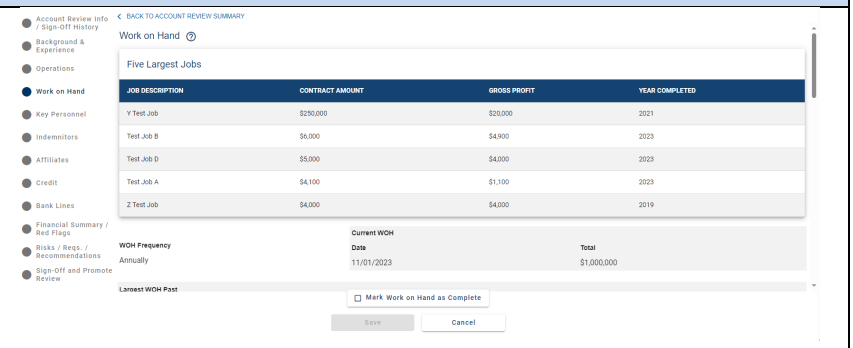
13. Initial Review Workflow

During the Initial Review, the **Work on Hand** Section displays information from:

- WIP Application
- WIP – Largest Jobs & Operational Statistics

User-Entered Fields during the Initial Review includes:

- Establish Contract LOA grid
- Additional LOA Conditions
- Backlog Analysis

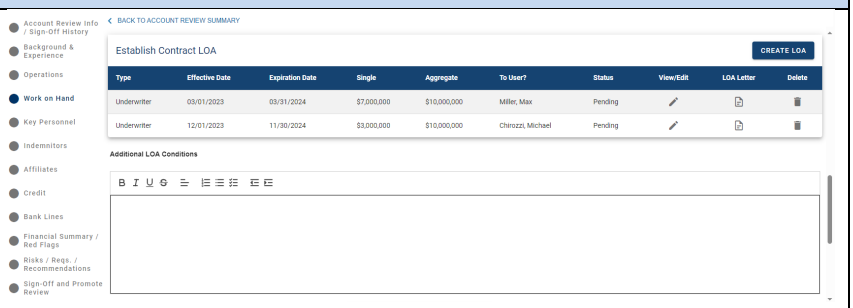


14. Contract LOA Management

While in certain Review States, an Account Review will display an 'Establish Contract LOA' grid and an 'Additional LOA Conditions' notes box in the **Work on Hand** Section of the Account Review.

The 'Establish Contract LOA' grid will display the following data for an LOA record:

- Type (Underwriter or Agent)
- Effective Date
- Expiration Date
- Single
- Aggregate
- To User? (If Underwriter is selected for Type)
- Status (Pending, Expired, or Active/Approved)



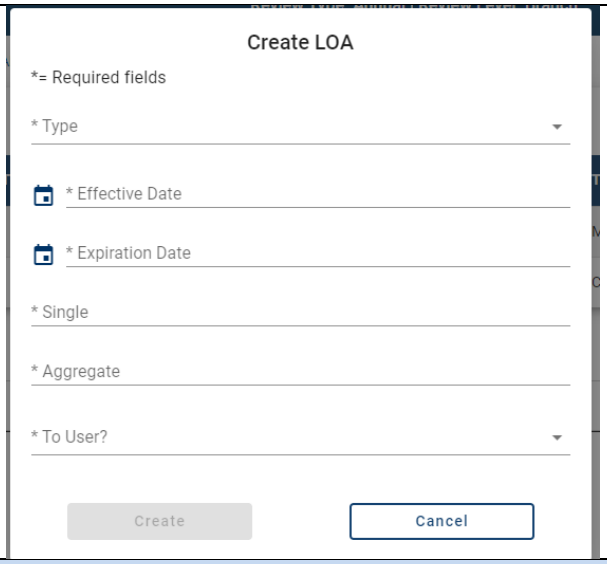
15. Contract LOA Management

While in a Review State of Initial Review, Additional Review, Reverted Initial Review, or Supervisor Review – a user can make updates to an existing LOA record listed in the 'Establish Contract LOA' grid, create a new LOA record, and update the 'Additional LOA Conditions' notes box.

To Create a new LOA record, click the 'Create LOA' button.

Classified as General

The ‘Create LOA’ modal will be displayed. Once all required fields are populated with values, click the ‘Create’ button to finish creating the LOA record.

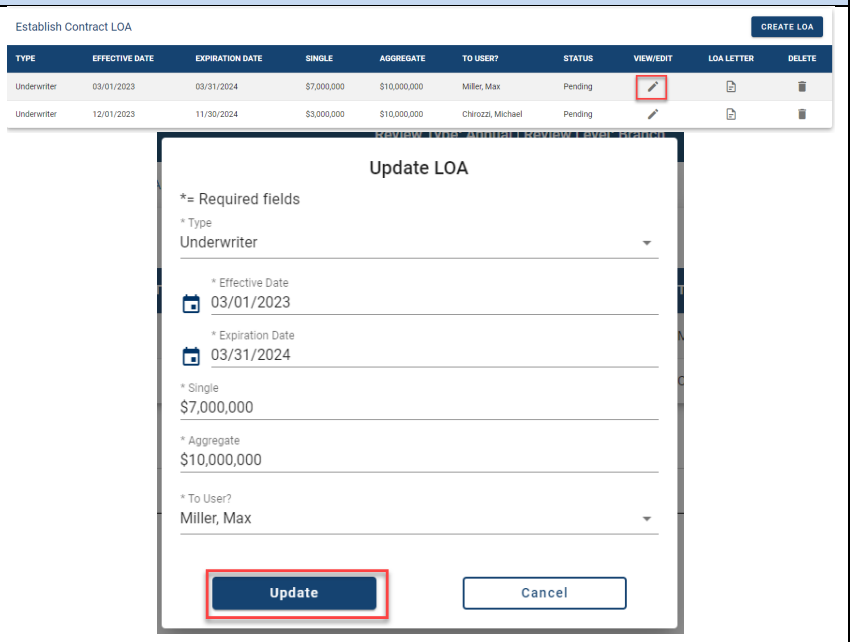


16. Contract LOA Management

While in a Review State of Initial Review, Additional Review, Reverted Initial Review, or Supervisor Review – a user can make updates to an existing LOA record listed in the ‘Establish Contract LOA’ grid. In addition, the user that approved/completed an Account Review can make some edits to an Active/Approved LOA record when the Account Review is in a Review State of Complete.

To Edit an existing LOA record, click the View/Edit pencil icon for the LOA record that requires edits to be made.

The ‘Update LOA’ modal will be displayed. Once all required fields are populated with values, click the ‘Update’ button to finish editing the LOA record.



17. Contract LOA Management

To generate the LOA Letter from the ‘Establish Contract LOA’ grid, click the Generate LOA Letter button for the LOA record.

The LOA Letter will populate in a new window and can be saved or printed from there.

RE: Andy Test Contract Account 9 1016829

You are authorized to execute bid, performance and payment bonds for the above contractor subject to the following conditions:

1) Contract price of any one contract does not exceed: $7,000,000
2) Total amount of uncompleted work on hand, both bonded and unbonded, including the contract under consideration does not exceed: $10,000,000
3) All contract work on hand is progressing satisfactory and profitably.
4) The nature of the work is in line with the contractor's present organization and experience.
5) The contractor has adequate and satisfactory equipment to perform the work.
6) The contract is located in the territory of the contractor's normal operations.
7) The contract provides for payment entirely in cash and the full amount of the contract price is available in cash.
8) On final bonds, the contractor's bid is not more than 10% under the second bid.
9) The bond is in favor of the Owner solely, not Lenders, Lessors or other dual obligees.
10) The bond in question has your full and unqualified recommendation.
11) This working authority expires: 3/31/2024
12) The contractor does not have an active claim in our claim department.
13) The contract term is less than 3 years.
14) The contract does not contain unusual conditions such as: a) design or efficiency guarantees. b) a maintenance period exceeding two years, or c) a maintenance guarantee that is not limited to defective materials and workmanship.

Additional Conditions:

This working authority is to facilitate your handling the normal requirements of the contractor. It should not be construed as our limit in any respect. Kindly submit full underwriting details on any bond not covered by this authority.

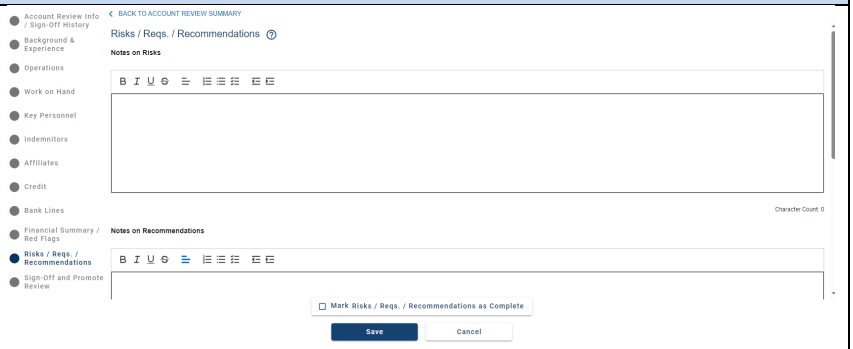
- Notes on Requirements



Classified as General

27. Initial Review Workflow

Initial Review – **Sign-Off and Promote Review** Section: When ready to sign-off and promote or approve the following fields are required:

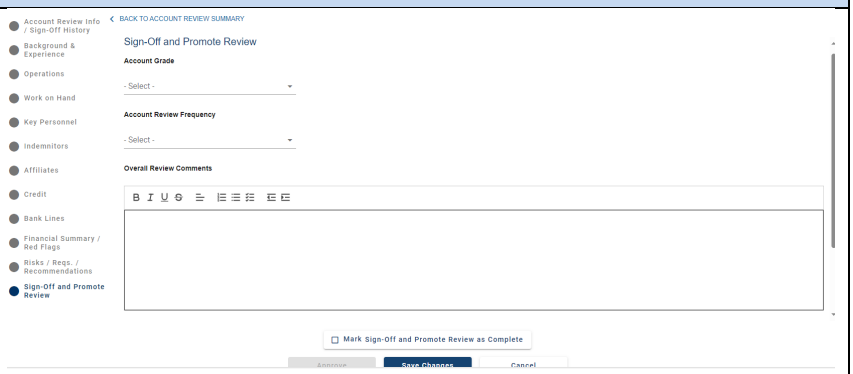
- Account Grade
- Account Review/Frequency
- Overall Review Comments
- Additional or Supervisor Review Required?
  - Choices of: (Additional Review, Supervisor Review, None)

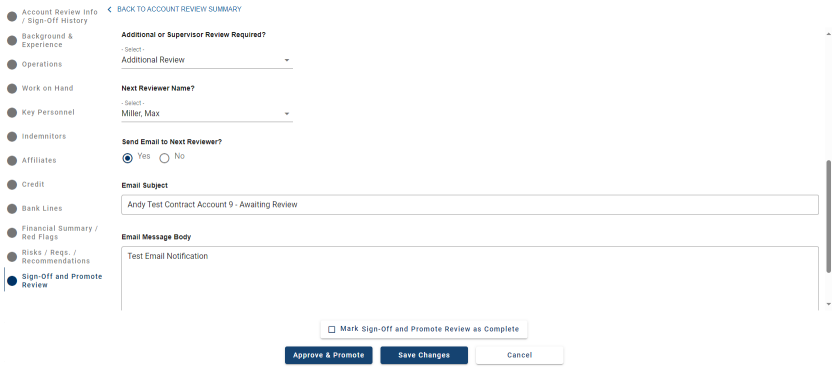
If 'None' is selected – the Account Review can be completed by clicking the 'Approve' button. This action will change the Account Review's Review State to 'Complete'.

If 'Additional Review' or 'Supervisor Review' is selected – then the following fields are also displayed:

- Next Reviewer Name – select the person's name that you wish to perform the Additional or Supervisor Review of the Account Review
- Send Email to Next Reviewer? – to indicate if you want an email notification sent
- Email Subject
- Email Message Body

Once all fields are completed the Account Review can be promoted to the next reviewer by clicking the 'Approve & Promote' button. This will also change the Account Review's Review State to either 'Additional Review' or 'Supervisor Review'.





28. Additional Review Workflow

During the Additional Review of an Account Review, the person assigned to review can view all of the data that was compiled during the Initial Review. The data is locked down and read only at this point.

The Sections and Fields listed to the right outline Additional Notes fields that are open throughout the Sections for the Additional Reviewer to add their thoughts and comments. Only a person designated as the Additional Reviewer can add comments in these fields.

Section	Notes Field
Background & Experience	Additional Account Background & Experience Notes
Operations	Additional Operations Discussion
Work on Hand	Additional Backlog Analysis
Key Personnel	Additional Key Personnel Notes Additional Continuity Plan Notes
Indemnitors	Additional Notes on Indemnity
Affiliates	Additional Notes on Affiliates
Credit	Additional Notes on Credit
Bank Lines	Additional Notes on Bank Lines
Financial Summary/Red Flags	Additional Tax Reserve/Plug Notes Additional A/R & A/P Notes Additional Notes on Financial Statement Additional Red Flag Notes

Classified as General

29. Additional Review Workflow

Additional Review – Sign-Off and Promote Review Section: When ready to sign-off and promote or approve the following fields are required:

- Account Grade
- Account Review/Frequency
- Overall Review Comments
- Next Review Step

  - Choices of:

Approve and Promote to Supervisor Review
Approve, No Further Review Required
Revert and Reassign to Initial Reviewer

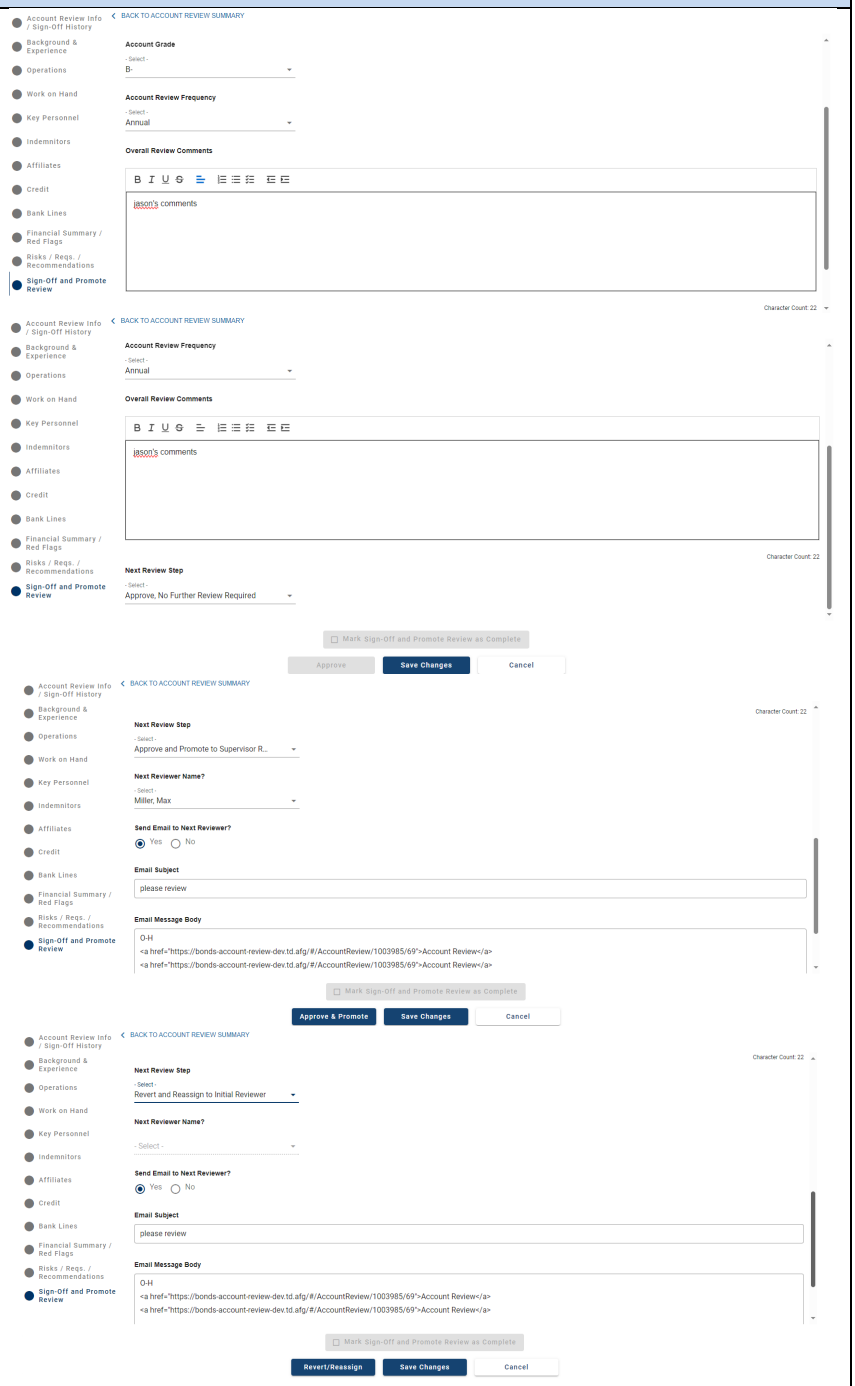
If 'Approve, No Further Review Required' is selected – the Account Review can be completed by clicking the 'Approve' button. This action will change the Account Review's Review State to 'Complete'.

If 'Approve and Promote to Supervisor Review' is selected – then the following fields are also displayed:

- Next Reviewer Name – select the person's name that you wish to perform the Supervisor Review of the Account Review
- Send Email to Next Reviewer? – to indicate if you want an email notification sent
- Email Subject
- Email Message Body

Once all fields are completed the Account Review can be promoted by clicking the 'Approve & Promote' button. This will also change the Account Review's Review State to 'Supervisor Review'.

If 'Revert and Reassign to Initial Reviewer' is selected, the Next Reviewer Name is read only. The Account Review can be reverted back to the person that conducted the Initial Review by clicking the 'Revert/Reassign' button. This will also change the Account Review's Review State to 'Reverted Initial Review'.



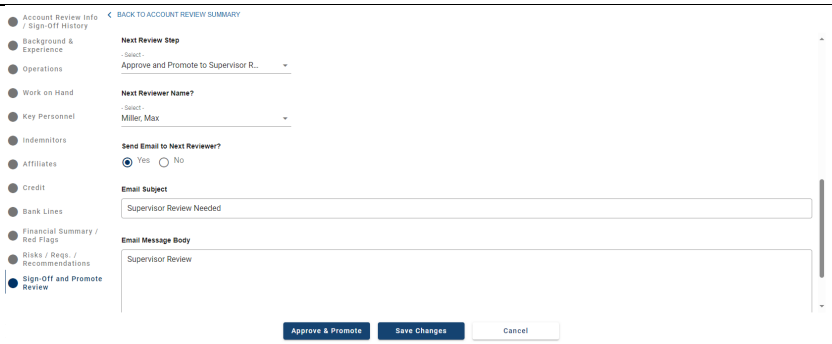
Classified as General

30. Reverted Initial Review Workflow	
When the Account Review is reverted back to the Initial Reviewer by the Additional Reviewer, the Account Review Sections are opened up again for editing by the Initial Reviewer only and will receive any updated information that is populated from BondBox, Account Profile in BondBox, Financial Questionnaire, Financial Statement (FSE) Application, and the WIP Application. When the Reverted Initial Review is ready to be promoted again, the only option available on the Sign-Off and Promote Review Section is to promote the Account Review to the same person that was assigned as the Additional Reviewer when the Account Review was reverted.	
31. Supervisor Review Workflow	
During the Supervisor Review of an Account Review, the person assigned to review can view all of the data that was compiled during the Initial Review and any information that was added in the notes fields during the Additional Review (if an Additional Review occurred). The data is locked down and read only at this point.	Note: if the Additional Review was bypassed, the Supervisor Review will not include any of the Additional Review notes fields, as the Additional Review did not occur and there would not be Additional Notes to review.
32. Supervisor Review	
Supervisor Review – Sign-Off and Promote Review Section: When ready to sign-off and promote or approve the following fields are required: • Account Grade • Account Review/Frequency • Supervisor Comments • Next Review Step ○ Choices of: Approve and Promote to Supervisor Review Approve, No Further Review Required ---------- If 'Approve, No Further Review Required' is selected – the Account Review can be completed by clicking the 'Approve' button. This action will change the Account Review's Review State to 'Complete'. If 'Approve and Promote to Supervisor Review' is selected – then the following fields are also displayed:	
Classified as General

- Next Reviewer Name – select the person's name that you wish to perform the Supervisor Review of the Account Review
- Send Email to Next Reviewer? – to indicate if you want an email notification sent
- Email Subject
- Email Message Body

Once all fields are completed the Account Review can be promoted by clicking the 'Approve & Promote' button. This will also keep the Account Review's Review State as 'Supervisor Review' but the 'Reviewed By' name will change to the new person designated for the next Supervisor Review.

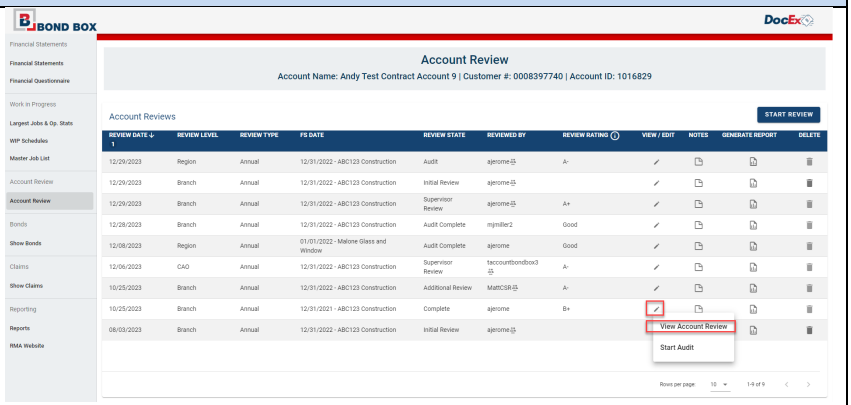
Note: There are no limits to the number of Supervisor Reviews that can take place for an Account Review.



33.

Once an Account Review has been approved, the Review State for the Account Review is changed to 'Complete' and displays as 'Complete' on the Account Review Summary Page.

If a user wants to view a completed Account Review, click the View/Edit pencil icon and then click 'View Account Review'. The Account Review details will be displayed for each Section of the Account Review, but the data will be view only.



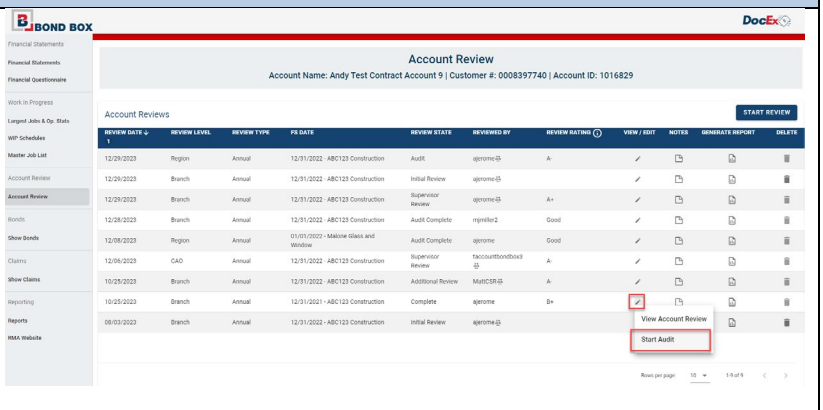
Classified as General

Audit

1. Audit Workflow

Once an Account Review has been approved, the Review State for the Account Review is changed to ‘Complete’ and displays as ‘Complete’ on the Account Review Summary Page.

If a user wants to initiate an Audit for a given Account Review, click the View/Edit pencil icon on an Account Review that has been completed and then click ‘Start Audit’. At this point the Audit will initiate and the Create Account Review Page will display all of the Sections again for the Audit and the Auditor’s inputs.



2. Audit Workflow

During the Audit process, the person assigned to perform the Audit can review all of the data that was compiled during the Account Review that has been completed. The data from the Account Review is locked down and read only at this point.

The Sections and Fields listed to the right outline the Auditor Notes fields that are open throughout the Sections for the Auditor to add their thoughts and comments. Only a person designated as the Auditor can add comments in these fields.

Section	Notes Field
Background & Experience	Auditor Background & Experience Notes
Operations	Auditor Operations Notes
