Financial Statement Application Quick Card

General Information

The Financial Statement Application provides the ability to create, view, and edit Financial Statement information for Bond Box Accounts. Financial Statements can be entered into the Financial Statement Application for any People or Companies added to the Account. For Commercial Accounts, the Financial Statement Application includes the ability to create, view, and edit Standard, Simple, or Consolidated Financial Statements.

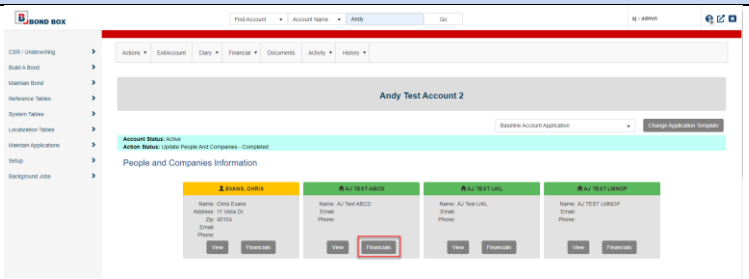
In addition, the Financial Statement application also provides the ability to capture various financial-related pieces of information via the Financial Questionnaire page within the application.

This quick card details how the Financial Statement Application is incorporated into the Bond Box Application and the basic features of the Financial Statement Application.

Financial Statements

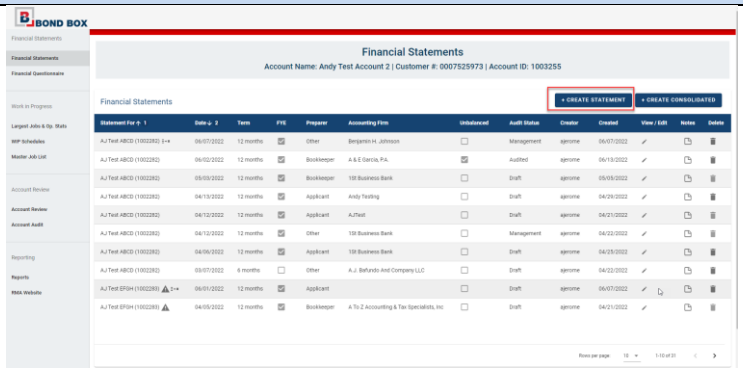
1.

To open the Financial Statement Application from Bond Box – click the Financials button on a Company or Person listed on the Account.



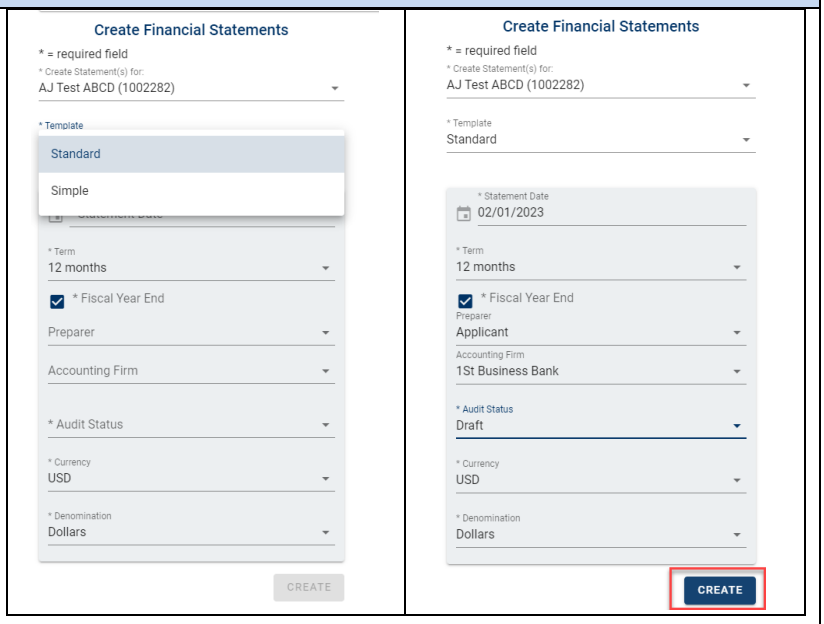
2.

When the Financial Statement Summary Page loads, a list of Financial Statements will display for the Account.
To create a new Financial Statement, click the 'Create Statement' button.



3.

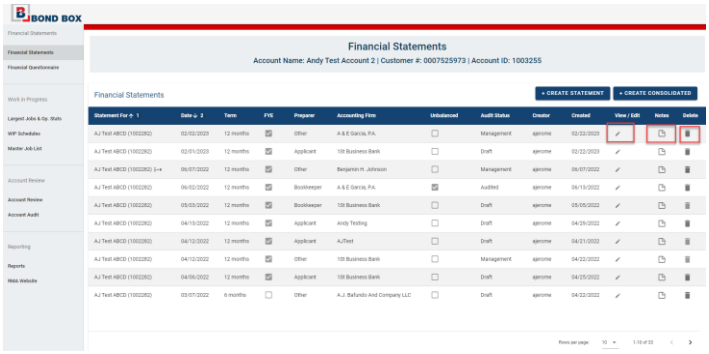
After clicking the 'Create Statement' button a Create Financial Statements card will be presented.
Choose Standard or Simple to designate the type of Financial Statement that you want to create.
Fill in the remaining values and click the 'Create' button to finish the creation of the Financial Statement.
After the Financial Statement has been created the Financial Statement Details page will be displayed.



4.

From the Financial Statement Summary Page information about the Statements are presented. In addition, there are three actions that can be initiated from this page:

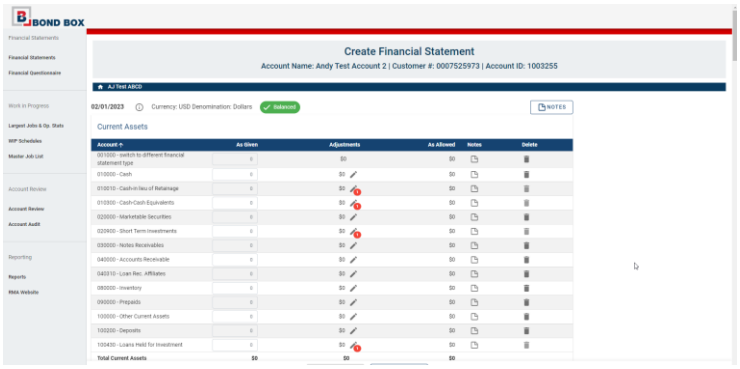
- View/Edit – to view or edit the details of a Financial Statement
- Notes
- Delete – to delete the Financial Statement



5.

<u>Viewing/Editing a Standard Financial Statement:</u>
After clicking the 'View/Edit' button the Financial Statement Details page is presented.
On this page GL Accounts are listed with the ability to add values for 'As Given' and 'As Allowed' as well as:

- Manage Adjustments
- Notes
- Delete – to remove an Account from the Financial Statement



6.	
<u>Viewing/Editing a Simple Financial Statement:</u> After clicking the 'View/Edit' button, the Financial Statement Details page for a Commercial Simple Financial Statement is presented. This type of Financial Statement is simplified with the ability to add values for 'As Given' and 'Adjustments' as well as: • Notes	7.	
<u>Viewing Adjustments:</u> Click the pencil icon under the Adjustments column to view an adjustment for a GL Account. A red circle with a number by the pencil icon indicates there are <u>x</u> number of adjustments already applied.	8.	
After clicking on the Adjustments pencil icon, any Adjustments are displayed on the Financial Statement Adjustments Page. You can View/Edit the Adjustment by clicking on the pencil icon on this page. You can Add a new Adjustment by clicking on the 'Add Adjustment' button.	9.	
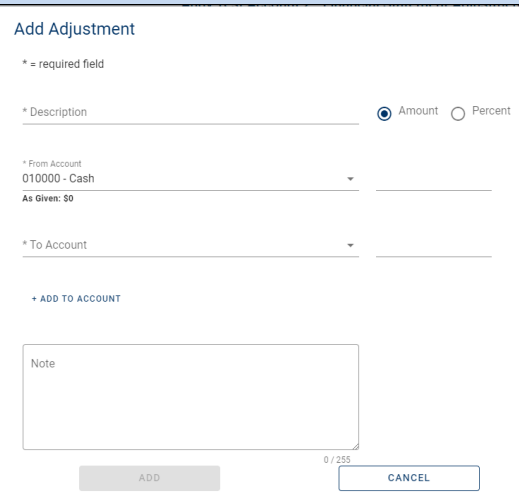
After clicking the View/Edit pencil icon, a pop-up is displayed with the ability to update the Adjustment or to cancel.	
10.

After clicking the 'Add Adjustment' button, a pop-up is displayed with the ability to add a new Adjustment or to cancel.

The 'Add' button won't be enabled until all required fields are filled out and the adjustment is balanced (from/to amounts or percentages are equal). Messages will be displayed in red indicating what needs corrected.

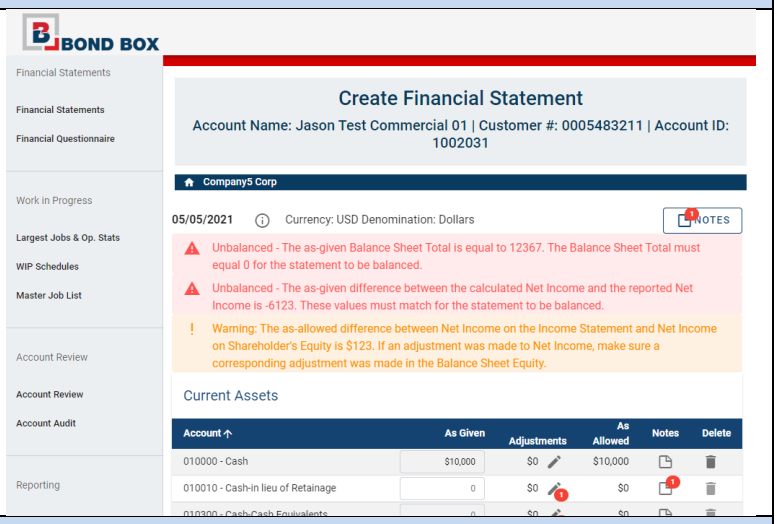


11.

Make sure to Save any updates (using the 'Save' button on the bottom of the page) made to Adjustments or any values while editing a Financial Statement.

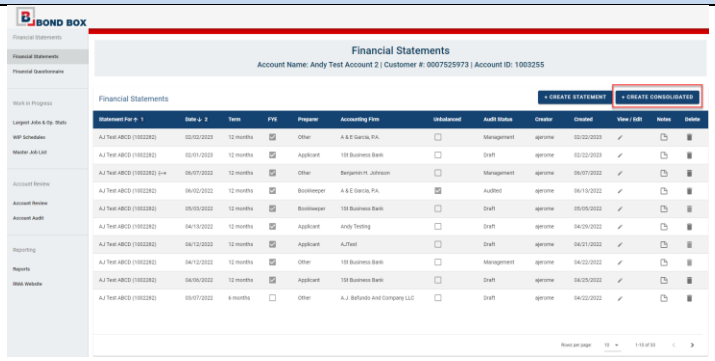
12.

After saving changes to a statement, the statement will be validated to ensured it's balanced. If something is not in balance, an error and/or warning will be displayed at the top of the page.



13.

<u>Creating a Consolidated Financial Statement:</u>
To initiate a Consolidated Financial Statement, click the 'Create Consolidated' button.



14.	
Select the party (Company or Person) that the Consolidated Financial Statement will be assigned to. Then select at least 2 parties to be used for the Consolidated Financial Statement. Click Next.	
15.	
Select one statement per party to use for the Consolidated Financial Statement. Click Next.	16.	
The next page will display a preview of the Consolidated Financial Statement. Click Next.	
17.	
The last step in creating a Consolidated Financial Statement is to enter the details about the statement. Fill out the details on the form and then click the 'Create' button to create the statement.	
18.	
After a Consolidated Financial Statement is created it will be listed on the Financial Statement Summary Page and have the Consolidated icon next to the party name.	
Financial Questionnaire

1.	
To access the Financial Questionnaire from within the Financial Statement application, click the 'Financial Questionnaire' link in the left-hand navigation.	2.	
Once on the Financial Questionnaire page, select the party on the account that you want to view/edit information for using the dropdown at the top of the page.	3.	
After selecting a party, any existing data for that party will be displayed on the screen and any field can be edited. Once a change has been made, the 'Update' button will be enabled. Click the 'Update' button to save your changes. Click the 'Cancel' button to revert your changes.
